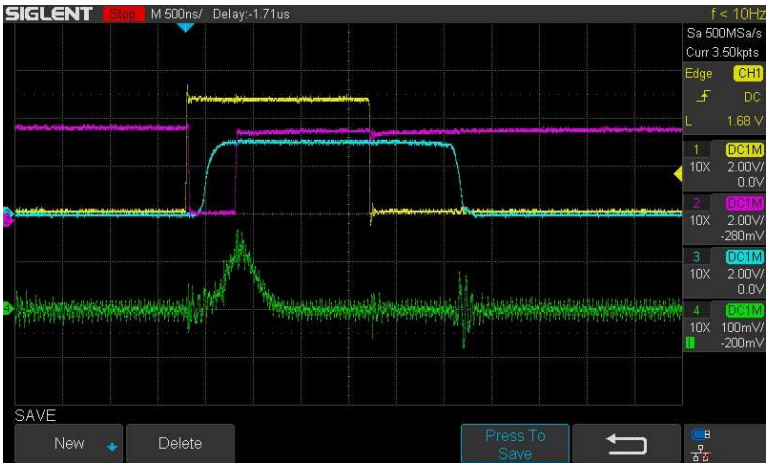
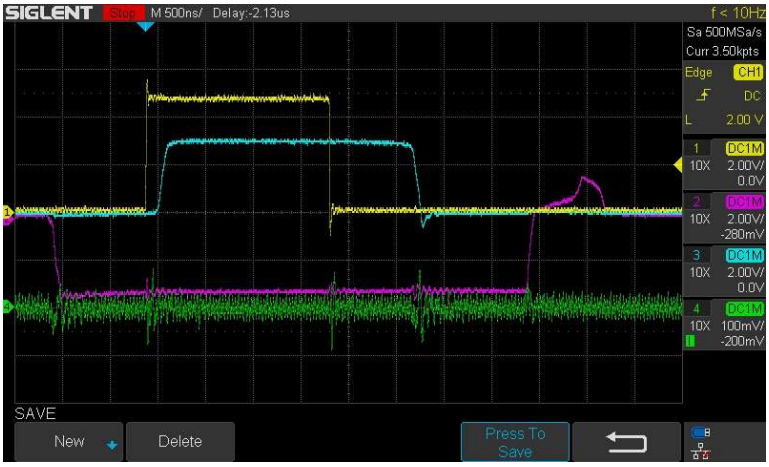
Test Waveforms – Writing 1 to x0 y0

Yellow – enable Red – y drive
Blue - x drive Green – sense signal



Yellow – enable Red – latch (sense latched rising edge)
Blue - x drive Green – sense signal

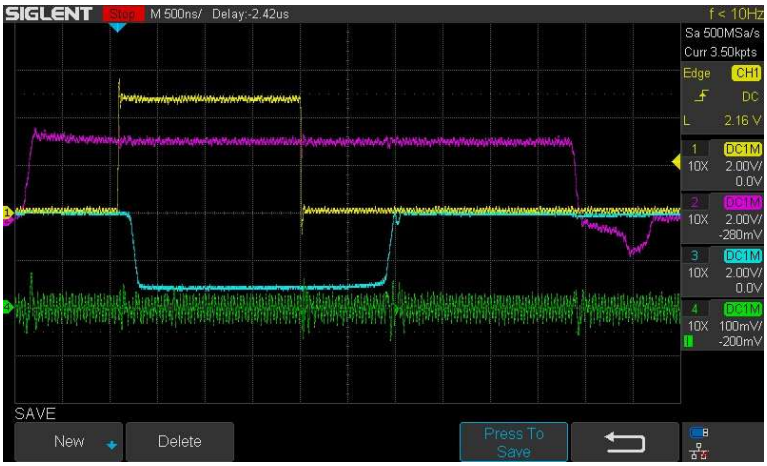


Yellow – enable Red – inhibit (prevents write)
Blue - x drive Green – sense signal (inactive)

Test Waveforms – Writing 0 to x0 y0

Yellow – enable Red – y drive
Blue - x drive Green – sense signal

Yellow – enable Red – latch (sense latched rising edge)
Blue - x drive Green – sense signal



Yellow – enable Red – inhibit (prevents write)
Blue - x drive Green – sense signal (inactive)

Write stream – inhibit inactive

Yellow – enable Red – inhibit
Blue - x drive Green – sense signal

Write stream - inhibit active

Yellow – enable Red – inhibit (prevents write)
Blue - x drive Green – sense signal (inactive)
